Get the Big Value in  
the Fence Post Field

STEEL Fence Posts are no longer all alike. The RED TOP Double Strength Studded TEE has set a new standard. It is a stronger post of longer life, easier and cheaper to set and easier and cheaper to fasten fencing to.

GREATER STRENGTH due to adding more metal in a reinforcing rib (see illustration) and also due to the fact that there isn't a single hole punched in the post either for staples or anchor plate. No rivets required to attach anchor plate. (See illustration.)

FIRMER IN GROUND—the RED TOP Anchor Plate is heavier and stronger than ever.

LONGER SERVICE—the new aluminum metallic finish and solid posts make it longer lived.

BETTER LOOKING FENCES—the aluminum metallic finish gives the post a neat, trim appearance.

EASIER, CHEAPER SETTING—with the One Man RED TOP Driver one man without a helper can set 200 to 300 posts per day.

MORE EFFICIENT FENCE FASTENING—RED TOP Handy Fasteners makes it possible for one man to attach fencing to posts. And fastener holds fencing tighter. Come in and see this better post. Handle it. Inspect it. See how the new One Man Post Driver works. Don't buy a fence post until you do this.

It is customary for the marketing associations to make an advance of part of the value of the commodity at the time of delivery. Some co-operatives make this advance to all members whether asked for or not, and others allow the members to elect whether they will take an advance. The Big Idea in Used Car Market

We Do Not Set the Price—You Do that Yourself

Most Rushville Dealers are not trading for old cars.

The business of handling used cars is more and more working around to a basis of mutual meeting of minds.

Today the public demands better results. Therefore, a used car market maintained by the new car dealers for the benefit of the old car owner.

The expense of such a market is many times less, which insures the seller of the old car more for his property and the buyers greater value for money invested.

With close co-operation of dealers, Used Car Market Co., the public and purchaser of used cars the utmost in value is assured both the owner and purchaser of used cars.

The used car today is such a deep-rooted factor in American automobile growth that dealers realize that its purchase and sale must be made by a separate unit highly specialized in this separate line.

The motoring public is beginning to understand this and the dealer who fails to co-operate in it by offering his best possible service has failed to perform a duty he justly owes the public.

The Rushville Used Car Co. offers its service to all, the car owners do not obligate themselves to purchase a car from any individual concern or dealer by using our service. The car is sold, the money is yours, Mr. Public, to do with as you choose. It's a straightforward business deal between this Market and yourself, whereby you receive the greatest amount in cash your car is worth.

Come in and arrange with us when you are ready to dispose of your old car.

Ask any automobile dealer in Rushville about this market, or better yet, come in yourself. We will be glad to explain every detail.

Princeton—Oil development in Gibson and adjoining counties is practically at a standstill, with little drilling being done. Many oil workers have been thrown out of employment. The Reavis well, west of Francisco, making 75-80 barrels a day, is reported the best in the vicinity.

BIBLE THOUGHT  
—FOR TODAY—Bible thoughts memorized will prove a  
priceless heritage in after years.Thou art my Lamp, O Lord; and  
the Lord will lighten my darkness.  
For by Thee I have run through a  
troop; by my God have I leaped  
over a wall.—2 Samuel 22: 29, 30.

The Inquisition

While constructive legislation  
cools its heels in the anti-room, the  
senate inquisition continues, convict-  
ing first and trying afterwards.Senator Tom Heflin of Alabama  
has sung his hymn of hate almost  
daily since the present session of  
congress began and Senator Pat Har-  
rison of Mississippi is a close second  
as a time-beater.The new senator from Montana,  
Wheeler, who has quickly earned the  
sobriquet, "We-All-Know" Wheeler  
proves to be a muck-raker of large  
parts and deep penetration. It is a  
standing joke among the newspaper  
correspondents that "the United  
States Government consists of three  
branches: Executive, judicative, and  
investigative." The legislative branch  
appears to have been entirely sup-  
planted.Judging from the flocks of letters  
and telegrams which are pouring into  
Washington from all parts of the na-  
tion, the people are heartily sick of  
all this gum-shoeing, chemical anal-  
yses of ink, seizure of telegrams, and  
grilling of public and private citizens  
some of whom have been guilty of no  
more serious offence than buying a  
few shares of Sinclair oil stock. As  
one correspondent well says: "When  
a malignant case of political corrup-  
tion breaks out in Washington, in the  
place of calling in a competent phy-  
sician to handle the case and thengo about their daily duties it is bet-  
ter politics to declare a holiday and  
subject not only the victim but the  
whole community in which he lives to  
unusual and inhuman treatment. In  
this highly refined age of 'civiliza-  
tion' every accused man or woman  
is guilty until proved innocent. Yes,  
Congress is amusing—to some—but it  
is getting mighty tiresome to most  
of us."And thus far nothing tangible has  
been brought to light—nothing which  
the courts themselves could not have  
divulged and settled much more cap-  
ably, for the courts have no interest  
in the forthcoming presidential elec-  
tion. The courts are in to stay, but  
the political party that is out wants  
in and the one that is in wants to  
stay in. And there you are.

•The Best Thing

A Rushville school teacher, a few  
days ago, asked her pupils what they  
regarded as the best and most val-  
uable thing in Rushville. The children  
wrinkled their brows, looked per-  
plexed and some of them answered  
the question. But they were all wide  
of the mark.The teacher indicated the answers  
were wrong as each pupil made his  
or her supreme effort to find the  
correct answer to the knotty problem.  
Finally the teacher, when they were  
all expectant and very much excited  
over what really was the best thing  
in this community, told them that  
they themselves were the best and  
most valuable.It was somewhat of a jolt for lit-  
tle folks, especially those with a  
keen imagination, who had conjured  
up many wonderful things. The  
teacher's answer brought them back  
to earth, but it gave them a sense of  
their importance in the world.It should also give every person  
living in the community, regardless  
of whether they have children in the  
public schools, something to think  
about, when we think along lines of  
community development.For we can not build for the future  
any better than by making better  
boys and girls who will become bet-  
ter men and women and make this  
a better community in the next gen-  
eration.We can build, for the future, not  
alone by teaching children at home  
how to live right, but by supporting  
the teacher, the school authorities  
and the whole public school system  
to the best of our ability and to the  
limit of our means.We can not hope for our commu-  
nity to rise any higher in the future  
than our public school system.Where It Sets Off The Fireworks

ered—that Kellogg's Bran succeeds  
when all else fails. This is because  
Kellogg's Bran is ALL bran. Nothing  
but ALL bran can be so effective.  
This is what she wrote:"Gentlemen:  
I am so wonderfully happy over  
my discovery, I feel I must tell the  
world about it. For years I have  
been ill continually from constipa-  
tion, always resorting to pills or  
the like, never having any perma-  
nent relief until I heard of your  
Krumbled Bran.Every morning I take two table-  
spoonsful before my breakfast—and  
since the latter part of August I  
must admit have not experienced  
one sick spell which I have had for  
years. I have started my little girlof four years on your Bran, and  
already I have noticed a change in  
her. I thank you."Name and address furnished on

## Hunt's Washington Letter

By HARRY B. HUNT  
NEA Service Staff WriterWashington, March 14—The least  
perturbed person in Washington,  
these days, so far as outward evi-  
dences go at least, is President Cal-  
vin Coolidge.Through all the heat of the contro-  
versies and conflicts arising from the  
day-by-day disclosures of the Sen-  
ate investigating committees, Cool-  
idge proceeds calmly and unemotion-  
ally about his job as president, lis-  
tening lots but saying little. He has  
remained cool in a politically super-  
heated atmosphere in which all others  
seem to have forgotten the good G.  
O. P. slogan, "Keep Cool With Cool-  
idge."Up at the White House there are  
none of the appearances of frazzled  
nerves and frayed dispositions that  
are so apparent "down The Hill".  
While the senators and representa-  
tives, the national chairmen of the  
parties and their national commit-  
tees, issued sizzling interviews, meet-  
ing personal and party charges with  
hot denials and counter-charges, "Sil-  
ent Cal," "Cautious Cal," "Cool  
Cal," goes right along, qualifying  
better than ever before for his whole  
galaxy of nick-names.That Coolidge is doing a lot of  
thinking, however, if little talking, is  
evidenced by his course in selecting a  
successor to replace Denby as secre-  
tary of navy.Pushing to one side the whole list  
of "political" recommendations, men  
whose chief qualifications were that  
they had been or are politically influ-  
ential, had served on naval commit-  
tees in Congress at some time or  
could deliver Coolidge delegates at  
the coming national convention,  
Coolidge set himself the job of find-  
ing—what?An experienced executive! Execu-  
tive ability and experience, not po-  
litical prestige or influence, he decid-ed, should determine his choice. A  
man of large experience in business  
or industry, perhaps even an engi-  
neer with executive training. But no  
political figurehead!The selection had not yet been  
made when this was written. But  
when it is announced, measure it by  
the above qualifications.Senator Frank Willis of Ohio, the  
gastronomic expert of the Senate, is  
a huge and hearty man with a loud  
voice and a marvelous appetite. But  
Willis' most distinctive trait is his  
persistent optimism. Democrats say  
his optimism was responsible for his  
championing the cause of Atty. Gen.  
Daugherty, when it was proposed to  
investigate Daugherty's official con-  
duct. But that's neither here nor  
there. Plain political pessimism, per-  
haps!Anyway, Willis has a rule by which  
he can tell, infallibly, he says, wheth-  
er a given individual is an optimist  
or a pessimist. The rule requires that  
the subject in question, however, be  
seated at a dinner table."If he looks at the pitcher at the  
other end of the table and says 'pass  
the cream,' he's an optimist," says  
Willis."If he is a pessimist, he will say  
'Is there any milk in that pitcher?'"  
"Myself? Oh, I always say 'pass the  
cream!'"Suffrage circles in Washington are  
a-flurry over word that Mrs. Gene-  
vieve Clark Thompson, of New Or-  
leans, daughter of former Speaker  
Champ Clark, is to be a candidate  
for Congress in the second Louisiana  
district.Mrs. Thompson, should she win the  
seat, would be the first of a young-  
er generation of congresswomen—a  
generation that did not participate  
in the suffrage battle itself but is now  
reaping its advantages.The Hodge - Podge  
By a Paragrapher with a SoulHonesty is a great asset but some  
folks seem to get along fairly well  
without it.There is a bill in congress against  
gambling machines, including the kind,  
no doubt, that men gamble with at  
grade crossings.Sudden death may cheat the doctor,  
but nothing ever gets ahead of the  
lawyer or the undertaker.Success does not always come to  
the one who waits because there is  
always a hustler to step in and hog  
it all.It took three months to get a tax  
bill through the lower house of con-  
gress, and if the senate doesn't start  
any new investigations, it may pass  
one by Christmas.When you see a man rushing along  
the street, the chances are he isn't  
busy, but has only forgotten some-  
thing.Some of the senators who were never  
heard of before the oil investigation  
began, probably will not be heard of  
after it's over.

# NEWSY GOSSIP IN THE WORLD OF SPORT

SPECIAL TRAIN FOR  
STATE TOURNAMENT

The final lap is on. After tonight the "Sweet Sixteen" teams will be reduced to a "Lucky Seven," and these will fight it out Saturday for the state title.

More than one-half of the Sixteen teams this morning were just as confident of winning the state title as any team. Connersville, the winner of the Rushville sectional is still in the race, and will play their first game at four o'clock this afternoon. They sent a big delegation to the tourney on a special train, and stopped off here for passengers at eleven o'clock this morning.

## WE'LL BE THERE TOO

The Daily Republican is in receipt of a press box ticket, for space 4 on the main drag on the front row of the big coliseum. Thanks to Mr. Gorman, manager of the state tourney.

Georgie Purcell of Vincennes wants to know if the sport editor of the Otterbein Bugle will have a place on the bench, and says further:

On the other hand Liberty Center hasn't a paper in town. Maybe that's the reason the team got so far in the tourney, scribes!

Side Lights of Connersville, in speaking of Otterbein says:

"If we can get that so-called dark horse out of the way, dog-gone if I don't think we can go a long ways."

## TOOT THE FIRE WHISTLE!

A holiday was declared in Connersville today. Business closed at noon, and everyone left the place—except the fire department who will stay home and celebrate with some red fire.

## Turn About is Fair Play

Last Saturday night saw Anderson fans cheering for Shelbyville against Muncie. If everything goes as it should, the coming Saturday night will see Muncie fans cheering for Shelbyville against Anderson.

—Muncie Press

Muncie and Anderson are great friends. Not quite as intimate though as Damon and Pythias.

## NOW WE KNOW WHY

Muncie will take Richmond's place in the Sixth District tournament to be held at Connersville next year.

## Laughing In His Sleeve

"I was told nothing but an operation would help my stomach trouble, and was getting ready for the operation when a friend advised me to try May's Wonderful Remedy. The first dose helped me. I am now as well as ever in my life, and am laughing up my sleeve at the doctors." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One often when a friend advised me to try For sale by druggists everywhere.

which might be one of the reasons that Shelbyville don't want to join.

Next year all of these teams around here will be after revenge on Shelbyville. That is the way it goes, because when Rushville want to the state year before last, every team came back the next year for revenge—and they got it.

We don't know whether Hodges or Barnett have any little brothers or not, but if they have, you can bet your last cent that the townspeople of Homer will have a high school gym of their own, and keep their native stars where they belong. As it is, Shelbyville gets the honor, and the little town of Homer, located just southwest of the Rushville court house, goes by unnoticed. When school is out, even the morning train will fail to make its usual stop.

The pass word Monday at the high school building will be "vaccination."

Smallpox isn't half bad. Just four weeks vacation.

"On to Indianapolis," sing the ears of the Connersville News-Examiner's front page, while Side Lights on page five is ready to concede itself the state rag, when he says: "Guess everyone knows now that Connersville has a real basketball team." Yep, so has Otterbein, Liberty Center and Podunk.

Sidelights continues to admonish his folks that they have only five more days to "Yell it to Sidelights." Gosh, folks over at Connersville, you had better get busy and yell it, while yelling is good, for if you don't Side-lights is going to be Taillights very soon.

## SHELBYVILLE IS OUT OF TOURNEY

Continued from Page One  
of the state tourney here today, 41 to 22.

Morton will meet Frankfort in the first game of the second round at 8:30 o'clock tonight.

South Side was unable to stop the flashy offensive of Morton. Rizio from his position as guard went down the floor for six baskets.

## Frankfort Draws First Blood

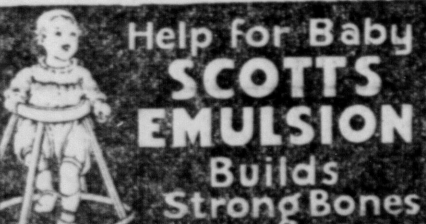

Indianapolis, Ind., March 14—The Frankfort basketball five drew first blood in the state tourney here today defeating Franklin 24 to 18. Taking the lead early in the game, Frankfort gained an advantage that Franklin was never able to overcome, the half ending 10 to 5 in favor of Frankfort.

It was a tight defensive game throughout. Cummins, Frankfort center, starred for the winners, and Wirey, Franklin center, played a brilliant game for the losers.

Line-up and summary:  
Frankfort: Franklin, Cummins, Petty, Cummins, Wirey, Good, Williams, Pogue, Townsend.  
Referee Reagan, umpire Mowe.  
Substitutions: Hickey for McQuiston, McQuiston for Hickey; Hickey for McQuiston, Freeman for Willey.

Field goals—Holz 1, Petty 1, Cummins 3, Good 1, Pogue 1, Wirey 3, Willey 1, Townsend 1, McQuiston 2.  
Foul goals—Holz made 3, missed 1; Cummins made 1, missed 2; Good made 4; Hickey made 1; Willey made 2, missed 1; Williams made 1, missed 1; Townsend missed 1; Wirey missed 2; Freeman missed 2.

Geneva—A big wolf hunt near here was abandoned when the animal escaped through a line of the hunters. A reward of \$350 was offered for the pelt of the animal, which was said to have been preying on stock and chickens for several months.

Down at Sarasota, Fla., Giant training camp, Jack Bentley, the heavy-hitting pitcher, takes a swipe at the ball. Bentley may play regularly this year on one of the sacks because of his hitting ability. He's the Babe Ruth of the National League.

## Expected to be Good Card

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, March 14—Quinto Romero, heavyweight champion of Chili who is being brought to this country by Tex Rickard for a shot at the heavyweight championship, may turn out to be an attraction just as big as Luis Firpo.

Romero has all the circus color of Firpo, and he has more of an advantage in coming out at a time when a vogue has been established for his race. He has another thing in his favor because he arrives with something of a reputation and considerable noise, while Firpo sneaked in from South America unknown and unheralded.

Firpo, however, had friendly hands to clear the way for him after he got started, but Romero will have to pull himself up practically alone if he succeeded in getting up.

While Firpo was allowed to feat on set-ups, Romero will be forced to prove himself. Rickard says that Romero can't get a shot at Dempsey until he has beaten three fighters to be selected from Jack Renauti, George Godfrey, Floyd Johnson and Fred Fulton.

There may be better fighters than the four tentatively selected by Rickard to put the test to Romero but the are better than the third and fourth-

raters that were picked out for Firpo.

Firpo worked up to a championship bout by beating Bill Brennan, Jim Hubbard, Jack McAuliffe, Jack Herman, Jess Willard, Joe Burke, Homer Smith, Charley Weinert and Joe Downey.

Brennan and Willard were old, worn and through when they fought Firpo, and the others were beaten before they went into the ring.

As the outdoor season approaches there is a great demand for another fight between Dempsey and Firpo. Firpo can get the match without doing anything more to prove that he would have a better chance to beat Dempsey the second time than he did on the occasion of their first bout.

Firpo knocked Dempsey to his knees twice and blasted him clear out of the ring once and that qualified him then and there for another chance at the title. The belief that Dempsey won the fight by the use of foul tactics was enough to guarantee the success of a second meeting without any further exactions from Firpo.

It is quite possible, however, that a return bout between Dempsey and Firpo could be made secondary in interest to a contest between Romero and Dempsey.

If Romero should knockout Renauti, Godfrey, Johnson or Fulton and show the same ferocity of attack, the same style of fighting and the same color that Firpo did against his set-ups, he would become a "natural" for Dempsey.

## SPORT CHATTER

Chicago—Preliminaries in the Big Ten swimming meet will be run off in the University of Chicago pool here tonight.

Danville, Ky.—Herbert L. Meyers, Chicago alumnus has been appointed head football coach at Centre college to succeed Uncle Charley Moran who has gone to Bucknell.

## B. D. FARTHING TO SPEAK

The Parent-Teachers Organization of Homer will hold a meeting next Tuesday evening in the Homer school building. At this time, B. D. Farthing, the county school superintendent, will be present, and give a talk.

Springfield, Ohio, March 13—One fireman was killed and an engineer and brakeman were injured when a Detroit, Toledo and Ironton freight train went into a ditch inside the city limits here today. An open switch caused the train to derail. The dead man was Andrew Henry of Defiance.

**"The Love Brand," Mystic**  
Two beautiful girls of distinct and different types are presented in "The Love Brand," the Universal attraction starring Roy Stewart, playing at the Mystic theatre today. Margaret Landis, blonde beauty who has recently become one of the most popular of the younger leading women of the screen, has the supporting lead opposite the star. Marie Wells, former musical comedy star, is very dark, of the Spanish beauty type, and has a strong role as a Spanish girl. "The Love Brand" is an original story by Raymond L. Selgrove and was directed by Stuart Paton.

**Jackie at Princess**  
"Peck's Bad Boy," starring Jackie Coogan, six-year-old motion picture celebrity, will be the feature attraction at the Princess theatre today and Friday.

The little youngster who carved a niche in the hearts of all picture fans who saw him as "The Kid" is said to have done even greater work

in "Peck's Bad Boy" than he did in the Chaplin masterpiece, if such a thing is impossible.

In this screen version of the volumes of the late Governor George Peck, Jackie is seen as an all-around

American lad who is constantly making pranks.

How he manages to get to the circus at the expense and mortification of his "Pa," causes the escape of a lion and general furor at the tent show, and throws a church into an uproar by introducing a collection of live ants, are some of the high-lights in this comedy.

The substituting is the working of Irvin S. Cobb, famous humorist.

Doris May has the role of the Girl in the Case (Jackie's sister). Wheeler Oakman portrays the Man in the Case. James Corrigan is seen as Mr. Peck and Lillian Leighton as Mrs. Peck. Raymond Hatton is the village grocer, and Baby Gloria Wood is Jackie's "affinity."

### "The Hero," at Castle

Barbara La Marr who triumphed in "The Prisoner of Zenda" and "Trifling Women," has the leading feminine role in "The Hero," the Preferred Picture presented by B. P. Schallberg and directed by Louis J. Gasnier, which opens for its local presentation on today at the Castle theatre.

Miss La Marr ranks high in the estimation of not only Gasnier but Rex Ingram who has called her the most promising actress on the screen today. Not only does she qualify in dramatic ability but she is gifted with a particularly striking type of

beauty that has distinguished her and attained for her a conspicuous place among the best known picture artists.

## GRATEFUL PARENTS POUR OUT THANKS TO TANLAC

Mr. & Mrs. JOSEPH E. KAAKE and Family

The value of Tanlac as a family medicine and tonic is again very forcefully demonstrated. This time in the home of Mr. and Mrs. Joseph E. Kaake, 2436 Kirby Ave., West, Detroit, Mich., where father and mother and every member of the family have been benefited by the wholesome and helpful ingredients of the famous preparation.

Recently, in speaking for herself and children, Mrs. Kaake said: "For more than a year our three little ones—John, age 6, Elwyn, 4, and Margaret, 2—had been so peaked and lifeless that we were seriously worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless, and during the day they would just mope around, taking no interest in play or anything else."

"They began to eat and sleep better almost from the first dose of Tanlac, and have picked up now until you couldn't find three healthier or more active children in all Detroit. They eat ravenously, the color of health has returned to their cheeks and they just want to be on the go all the time. I have also taken Tanlac to build me up, and it never seems to fail."

"As to my personal experience with Tanlac," said Mr. Kaake, "I simply can't express in words the

great help it gave me. About a year ago I was a victim of boils, actually having fifty-one on me, and was so played out that I couldn't do a bit of work for weeks. My suffering was almost unbearable. I cared little for food, suffered with severe headaches and stomach pains, and got so weak and nervous that I felt discouraged."

"Tanalac corrected my stomach disorders, woke up my appetite, cleansed my blood and toned up my system so that the boils went away, and nothing of the kind has bothered me since. I have gained 28 lbs., and I eat, sleep and feel like a brand-new man. We have given Tanlac a fair trial and found it wonderful, and if anyone doubts our statement they can write personally. We wouldn't think of being without Tanlac."

Tanalac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

## How to build up your Weight

To be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus.

That's why S.S.S., since 1826, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S.S.S. will build them.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Grand Jury Returns Twelve Indictments This Afternoon After Few Days Investigation

NO ARRESTS ARE MADE

Court Officials Busy Summoning Special Venire of 50 For Murder Trial

The grand jury, which was in session three days last week and this morning, made a report of their findings to the court this afternoon about two o'clock returning a dozen true bills.

The nature of the indictments was not disclosed, and the court ordered bench warrants issued, which will be drawn as soon as the indictments are copied in the indictment records in the clerk's office.

Arrests on the twelve indictments are not expected to be made until probably late Saturday or next week.

This morning the grand jury again convened after having been in a recess all week. Today several witnesses were before them.

When they made their report this afternoon, Judge Sparks told the grand jurors that they could convene again at any time if they had further matters to take up, and they were not discharged.

Evidence this morning in the circuit court was heard in the petition for support in the divorce suit pending of Fay Dagler against Warren Dagler. The court ordered the defendant to pay \$5 a week support and also \$15 attorney fees.

The case of Theodore R. Reed against Earl H. Payne and Charles A. Manzy, a suit to enforce a lien, was dismissed by the court, when the plaintiff filed a motion for continuance.

Court officials today were busy summoning the special venire of 50 for jury service for the murder case of the State against Cecil Cloud, which gets under way Monday.

Besides the special venire, the officers also have been summoning more than fifty witnesses which will be used.

It is expected that most of the first day will be given over to obtaining the jury.

## TELLS AMAZING STORY OF SPYING

Gaston B. Means, Former Department of Justice Agent, Details of Alleged Secret Investigations

DIRECTED BY JESSE SMITH

Daugherty's Intimate Friend Head of Espionage System, Senate Committee is Told

(By United Press)

Washington, March 14—The senate today unanimously granted extension of the Daugherty investigation committee's powers—to hold hearings in any part of the United States and to permit any member of the committee to issue subpoenas—asked by Chairman Brookhart.

Washington, March 14—In the most astounding story ever told a congressional committee, Gaston B. Means, former department of justice agent, today bared before the senate Daugherty investigation committee the details of alleged secret investigations, of cabinet members and congressmen, collections of huge sums of money and other clandestine activities, which he said were directed by Jesse Smith, Daugherty's intimate friend, from an office in the department.

Means' story formed an amazing sequel to the sketched details of the similar case already outlined by Roxy Stinson, Smith's divorced wife. With wind breath-taking rapidly Means made these charges:

1—That he had collected \$100,000 from a jap from the Mitsui Company in connection with the Standard Air Craft Company case, which was before the Department of Justice for prosecution, and that he turned the money over to Jesse Smith. The aircraft case was afterwards transferred to the war department.

(Mrs. Stinson yesterday told how Smith at one time had \$71,000 bills)

2—That the late President Harding had ordered him to investigate Secretary of the Treasury Mellon as reports reached Harding that Mellon had entered arrangements for the issuance of "certain permits."

3—That he had investigated Senators LaFollette of Wisconsin, Cavanaugh of Arkansas and Bruce of Maryland, at the request of Jesse Smith. LaFollette had introduced his resolution for investigation of the Dome lease.

4—That he had once been suspected as a department agent after a "cabinet officer" had protested that he was "too active" in investigating oil matters in Mexico.

5—That he was assigned to investigate sale of models of United States airplanes to the Japanese government.

Means said his attorney, Colonel Felder, warned him yesterday not to go on the witness stand because "the powers that were after me were omnipotent and if I went on the stand I would be indicted on any number of things. Sidney Bever of Washington came and told me I could not hurt the attorney general, nor the Republican party."

## FINE \$10 AND COSTS

Denny Ryan appeared this morning before Justice Stech and paid a fine of \$10 and costs, amounting in all to \$17.75 for selling cigarettes to a minor. The affidavit charged that Grover Wagoner, an employee at the Ryan pool room, sold a package of cigarettes to Oscar Newhouse, a minor.

Thousands of frenzied fans surged into Indianapolis for the grand finals. High school rooters from towns in the farther sections of the state began streaming in to Indianapolis last night for fear they would miss the first game if they waited until morning to get started. Hotels were jammed and rooms were at a premium.

Early morning brought additional thousands by special trains, interurbans and by auto caravan. The rooters, with their high school colors streaming in the wind, flowed up from the Union station in a continuous stream on the way to the fair grounds.

At Connersville the city officially shut up shop at noon and started for Indianapolis on a special train on the C. I. and W. to see Connersville's five enter the lists with Otterbein this afternoon.

## CALIFORNIA MAN SUCCEEDS DENBY

Judge Curtis Dwight Wilbur Accepts Appointment as Secretary of The Navy

## GRADUATE OF ANNAPOLIS

Always Interested in Naval Affairs, Despite Fact His Career Was The Law

(By United Press)

Washington, March 14—President Coolidge today sent to the senate the nomination of Curtis, Dwight Wilbur, chief justice of the Supreme court of California, to be secretary of the navy.

Washington, March 14—Judge Curtis Dwight Wilbur of California has been named secretary of the navy to succeed Edwin Denby, and has accepted.

Judge Wilbur's nomination will be sent to the senate by President Coolidge at once.

The nomination was tendered him last night by the president. Judge Wilbur wired his acceptance immediately.

There will be no formal announcement from the White House concerning Judge Wilbur's acceptance, it was stated, but his nomination will be sent to the senate today.

C. Bascom Sloop, secretary to the president, announced receipt of Wilbur's telegram accepting the president's offer.

Wilbur is chief justice of the California Supreme court. He graduated from the naval academy at Annapolis and has always been much interested in naval affairs, despite the fact that his career was the law.

He will come to Washington as soon as the senate confirms him.

Wilbur, who recently spent some time in the south, was in Washington for a conference with the president about ten days ago. He was strongly recommended by Senator Shortridge of California.

Wilbur was born in Booneville, Iowa, May 10, 1867. He graduated from the United States naval academy in 1888, but resigned from the navy in the same year, taking up the practice of law in Los Angeles two years later.

His first public office was as chief deputy district attorney of Los Angeles county which he held between 1899 and 1903. In the latter year he was elected superior judge of the county, a position he held until 1912 when he was elected associate justice of the California Supreme Court.

Wilbur made a notable record as a superior judge by organizing the juvenile court of Los Angeles and drafting several juvenile court laws. Entering the Supreme Court in 1919 for a 12 year term, he was elevated to the chief justiceship last year.

Wilbur married Olive Doolittle of St. Paul in 1898. He is a brother of Ray Lyman Wilbur, president of Stanford University and head of the American Medical Association.

## The Big Idea in Used Car Market

### We Do Not Set the Price—You Do that Yourself

Most Rushville Dealers are not trading for old cars.

The business of handling used cars is more and more working around to a basis of mutual meeting of minds.

Today the public demands better results. Therefore, a used car market maintained by the new car dealers for the benefit of the old car owner.

The expense of such a market is many times less, which insures the seller of the old car more for his property and the buyers greater value for money invested.

With close co-operation of dealers, Used Car Market Co., the public and purchaser of used cars the utmost in value is assured both the owner and purchaser of used cars.

The used car today is such a deep-rooted factor in American automobile growth that dealers realize that its purchase and sale must be made by a separate unit highly specialized in this separate line.

The motoring public is beginning to understand this and the dealer who fails to co-operate in it by offering his best possible service has failed to perform a duty he justly owes the public.

The Rushville Used Car Co. offers its service to all, the car owners do not obligate themselves to purchase a car from any individual concern or dealer by using our service. The car is sold, the money is yours, Mr. Public, to do with as you choose. It's a straightforward business deal between this Market and yourself, whereby you receive the greatest amount in cash your car is worth.

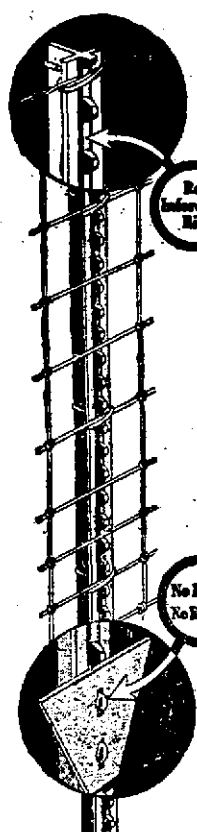

Come in and arrange with us when you are ready to dispose of your old car.

Ask any automobile dealer in Rushville about this market, or better yet, come in yourself. We will be glad to explain every detail.

## Get the Big Value in the Fence Post Field

STEEL Fence Posts are no longer all alike. The RED TOP Double Strength Studed TEE has set a new standard. It is a stronger post of longer life, easier and cheaper to set and easier and cheaper to fasten fencing to.

**GREATER STRENGTH**—due to adding more metal in a reinforcing rib (see illustration) and also due to the fact that there isn't a single hole punched in the post either for staples or anchor plate. No rivets required to attach anchor plate. (See illustration.)

**FIRMER IN GROUND**—the RED TOP Anchor Plate is heavier and stronger than ever.

**LONGER SERVICE**—the new aluminum metallic finish and solid posts make it longer lived.

**BETTER LOOKING FENCES**—the aluminum metallic finish gives the post a neat, trim appearance.

**EASIER, CHEAPER SETTING**—with the One Man RED TOP Driver one man without a helper can set 200 to 300 posts per day.

**MORE EFFICIENT FENCE FASTENING**—RED TOP Handy Fasteners makes it possible for one man to attach fencing to posts. And fastener holds fencing tighter. Come in and see this better post. Handle it. Inspect it. See how the new One Man Post Driver works. Don't buy a fence post until you do this.

It is customary for the marketing associations to make an advance of part of the value of the commodity at the time of delivery. Some co-operatives make this advance to all members whether asked for or not, and others allow the members to elect whether they will take an advance. In case the member does not take the advance, the association has the use of the money to which the member is entitled and usually pays him interest.

## The Inquisition

While constructive legislation  
cools its heels in the anti-room, the  
senate inquisition continues, convict-  
ing first and trying afterwards.

Senator Tom Heflin of Alabama  
has sung his hymn of hate almost  
daily since the present session of  
congress began and Senator Pat Har-  
rison of Mississippi is a close second  
as a time-beater.

The new senator from Montana,  
Wheeler, who has quickly earned the  
sobriquet, "We-Ali-Know" Wheeler  
proves to be a muck-raker of large  
parts and deep penetration. It is a  
standing joke among the newspaper  
correspondents that "the United  
States Government consists of three  
branches: Executive, judicative, and  
investigative." The legislative branch  
appears to have been entirely sup-  
planted.

Judging from the flocks of letters  
and telegrams which are pouring into  
Washington from all parts of the na-  
tion, the people are heartily sick of  
all this gum-shoeing, chemical anal-  
yses of ink, seizure of telegrams, and  
grilling of public and private citizens  
some of whom have been guilty of no  
more serious offence than buying a  
few shares of Sinclair oil stock. As  
one correspondent well says: "When  
a malignant case of political corrup-  
tion breaks out in Washington, in the  
place of calling in a competent phy-  
sician to handle the case and then

go about their daily duties it is bet-  
ter politics to declare a holiday and  
subject not only the victim but the  
whole community in which he lives to  
unusual and inhuman treatment. In  
this highly refined age of 'civiliza-  
tion' every accused man or woman  
is guilty until proved innocent. Yes,  
Congress is amusing—to some—but it  
is getting mighty tiresome to most  
of us."

And thus far nothing tangible has  
been brought to light—nothing which  
the courts themselves could not have  
divulged and settled much more cap-  
ably for the courts have no interest  
in the forthcoming presidential elec-  
tion. The courts are in to stay, but  
the political party that is out wants  
in and the one that is in wants to  
stay in. And there you are.

## The Best Thing

A Rushville school teacher, a few  
days ago, asked her pupils what they  
regarded as the best and most valu-  
able thing in Rushville. The children  
wrinkled their brows, looked per-  
plexed and some of them answered  
the question. But they were all wide  
of the mark.

The teacher indicated the answers  
were wrong as each pupil made his  
or her supreme effort to find the cor-  
rect answer to the knotty problem.  
Finally the teacher, when they were  
all expectant and very much excited  
over what really was the best thing  
in this community, told them that  
they themselves were the best and  
most valuable.

It was somewhat of a jolt for lit-  
tle folks, especially those with a  
keen imagination, who had conjured  
up many wonderful things. The  
teacher's answer brought them back  
to earth, but it gave them a sense of  
their importance in the world.

It should also give every person  
living in the community, regardless  
of whether they have children in the  
public schools, something to think  
about, when we think along lines of  
community development.

For we can not build for the future  
any better inn by making better  
boys and girls who will become bet-  
ter men and women and make this  
a better community in the next gen-  
eration.

We can build, for the future, not  
alone by teaching children at home  
how to live right, but by supporting  
the teacher, the school authorities  
and the whole public school system  
to the best of our ability and to the  
limit of our means.

We can not hope for our commu-  
nity to rise any higher in the future  
than our public school system.

Takes pills for years—finds first  
permanent relief in Kellogg's Bran

Have you found permanent relief  
from that terrible disease—constipa-  
tion? The woman whose letter follows  
discovered—as thousands have dis-  
covered—that Kellogg's Bran succeeds  
when all else fails. This is because  
Kellogg's Bran is ALL bran. Nothing  
but ALL bran can be so effective.  
This is what she wrote:

"Gentlemen:  
I am so wonderfully happy over  
my discovery, I feel I must tell  
the world about it. For years I have  
been afflicted continually from constipa-  
tion, always resorting to pills or  
the like, never having any perma-  
nent relief until I heard of your  
Kranched Bran.

Every morning I take two table-  
spoonsful before my breakfast—and  
since the latter part of August I  
must admit have not experienced  
one sick spell which I have had for  
years. I have started my little girl

of four years on your Bran, and  
already I have noticed a change in  
her. I thank you."

Name and address furnished on  
request. Write the Kellogg Co.,  
Battle Creek, Mich.

If eaten regularly, Kellogg's Bran,  
cooked and krumbled, is guaranteed to  
relieve permanently the most chronic  
cases of constipation. Eat at least two  
tablespoonsful daily—in chronic cases,  
with every meal. Money returned if  
not effective.

Notice the wonderful nut-like flavor.  
This flavor is delicious—so different  
from ordinary, unpalatable bran.

Kellogg's Bran, cooked and krum-  
bled, made in Battle Creek, is served  
by America's leading hotels and clubs.  
Demand Kellogg's Bran. It will bring  
back your health. Start eating it to-  
day. Sold by all grocers.

## Hunt's Washington Letter

By HARRY B. HUNT

NEA Service Staff Writer  
Washington, March 14—The least  
perturbed person in Washington,  
these days, so far as outward evi-  
dences go at least, is President Cal-  
vin Coolidge.

Through all the heat of the contro-  
versies and conflicts arising from the  
day-by-day disclosures of the Sen-  
ate investigating committees, Cool-  
idge proceeds calmly and unemotion-  
ally about his job as president, lis-  
tening lots but saying little. He has  
remained cool in a politically super-  
heated atmosphere in which all others  
seem to have forgotten the good G.  
O. P. slogan, "Keep Cool With Cool-  
idge."

Up at the White House there are  
none of the appearances of frazzled  
nerves and frayed dispositions that  
are so apparent "down The Hill".  
While the senators and representa-  
tives, the national chairmen of the  
parties and their national commit-  
tees, issued sizzling interviews, meet-  
ing personal and party charges with  
hot denials and counter-charges, "Sil-  
ent Cal," "Cautious Cal," "Cool  
Cal" goes right along, qualifying  
better than ever before for his whole  
galaxy of nick-names.

That Coolidge is doing a lot of  
thinking, however, if little talking, is  
evidenced by his course in selecting a  
successor to replace Denby as secre-  
tary of navy.

Pushing to one side the whole list  
of "political" recommendations, men  
whose chief qualifications were that  
they had been or are politically influ-  
ential, had served on naval commit-  
tees in Congress at some time or  
could deliver Coolidge delegates at  
the coming national convention,  
Coolidge set himself the job of find-  
ing—what?

An experienced executive! Execu-  
tive ability and experience, no dec-  
id-

ed, should determine his choice. A  
man of large experience in business  
or industry, perhaps even an engi-  
ner with executive training. But no  
political figurehead!

The selection had not yet been  
made when this was written. But  
when it is announced, measure it by  
the above qualifications.

Senator Frank Willis of Ohio, the  
gastrophonic expert of the Senate, is  
a huge and hearty man with a loud  
voice and a marvelous appetite. But  
Willis' most distinctive trait is his  
persistent optimism. Democrats say  
his optimism was responsible for his  
championing the cause of Atty. Gen.  
Daugherty, when it was proposed to  
investigate Daugherty's official con-  
duct. But that's neither here nor  
there. Plain political pessimism, per-  
haps!

Anyway, Willis has a rule by which  
he can tell, infallibly, he says, when  
a given individual is an optimist  
or a pessimist. The rule requires that  
the subject in question, however, be  
seated at a dinner table.

"If he looks at the pitcher at the  
other end of the table and says 'pass  
the cream,' he's an optimist," says  
Willis.

"If he is a pessimist, he will say  
'Is there any milk in that pitcher?'"  
"Myself? Oh, ladways say 'pass the  
cream!'"

Suffrage circles in Washington are  
a-flurry over word that Mrs. Gene-  
vieve Clark Thompson, of New Or-  
leans, daughter of former Speaker  
Champ Clark, is to be a candidate  
for Congress in the second Louisiana  
district.

Mrs. Thompson, should she win the  
seat, would be the first of a young-  
er generation of congresswomen—a  
generation that did not participate  
in the suffrage battle itself but is now  
reaping its advantages.

## The Hodge-Podge

By a Paraphraser with a Soul

Honesty is a great asset but some  
folks seem to get along fairly well  
without it.

There is a bill in congress against  
gambling machines, including the kind,  
no doubt, that men gamble with at  
grade crossings.

Sudden death may cheat the doctor,  
but nothing ever gets ahead of the  
lawyer or the undertaker.

Success does not always come to  
the one who waits because there is  
always a hustler to step in and hog  
it all.

It took three months to get a tax  
bill through the lower house of con-  
gress, and if the senate doesn't start  
any new investigations, it may pass  
one by Christmas.

When you see a man rushing along  
the street, the chances are he isn't  
busy, but has only forgotten some-  
thing.

Some of the senators who were nev-  
er heard of before the oil investigation  
began, probably will not be heard of  
after it's over.

night, where Dr. Tevis delivered the  
second of a series of lectures on  
"Shakespeare's Debt to the Bible."

Thieves broke into the Stiers Meat  
Market Saturday night and looted  
the cash drawer which fortunately  
contained only \$140. They entered  
through a small window in the back  
part of the building.

The C. H. & D. Depot at Griffins'

It's the Style That Costs

Senator Capper tells of the 16-

vice and elegance of transaction?"

Simple Way To  
Take Off Fat

There can be nothing simpler than  
taking a convenient little tablet four  
times each day until your weight is  
reduced to normal. That's all—just  
purchase a box of Marmola Pres-  
cription Tablets from your druggist  
for one dollar, the same price the  
world over. Follow directions—no  
starvation dieting or tiresome exer-  
cising. Eat substantial food—be as  
lazy as you like and keep on getting  
skinner. And the best part of Mar-  
mola Prescription Tablets is they are  
harmless. That is your absolute safe-  
guard. Purchase them from your  
druggist, or send direct to Marmola

You Can Quickly Limber Up  
Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings  
in Neck, Elbow, Shoulder or Finger  
Joints Yield to the Mighty Power-  
ful Influence of JOINT-EASE

It's here, right in town and all  
druggists and every live druggist has  
it.

It's a low price remedy, to be sure,  
but that doesn't stop it from taking  
the kinks, lameness or torture out  
of your troubled joints.

Joint-Ease is the name, so called  
because it is compounded solely for  
the purpose of relieving all joint ail-  
ments.

Just rub it on the tormented, lame  
joints and in just a few seconds it

will penetrate to the bone and blessed  
comfort comes quickly.

It absorbs instantly and is so clean  
and stainless that you can rub it on  
often and get thereby, results much  
more quickly, when the joint is in-  
flamed and the agony intense.

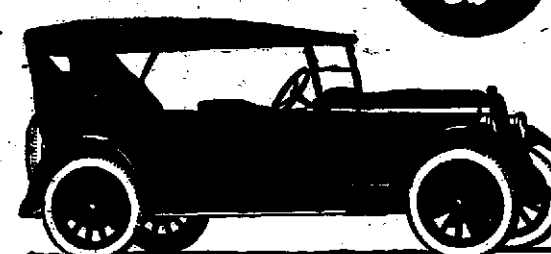

Being such a powerful counter ir-  
ritant, it cannot help bringing speedy  
and helpful results in congestion,  
sore throat, chest colds, lumbago and  
neuralgia much quicker than almost  
any remedy you can buy.

But you must remember that it is  
for joint afflictions that it is most-  
ly dispensed and its helpfulness will  
astonish you after all ordinary lim-  
iments and other treatments have  
failed.

SPECIAL TRAIN FOR  
STATE TOURNAMENT

## HITTIN' 'EM —AND— MISSIN' 'EM

The final lap is on. After tonight the "Sweet Sixteen" teams will be reduced to a "Lucky Seven," and these will fight it out Saturday for the state title.

More than one-half of the Sixteen teams this morning were just as confident of winning the state title as any team. Connersville, the winner of the Rushville sectional is still in the race, and will play their first game at four o'clock this afternoon. They sent a big delegation to the tourney on a special train, and stopped off here for passengers at eleven o'clock this morning.

### WE'LL BE THERE TOO

The Daily Republican is in receipt of a press box ticket, for space 4 on the main drag on the front row of the big coliseum. Thanks to Mr. Gorman, manager of the state tourney.

Georgie Purcell of Vincennes wants to know if the sport editor of the Otterbein Bugle will have a place on the bench, and says farther:

On the other hand Liberty Center hasn't a paper in town. Maybe that's the reason the team got so far in the tourney, scribbles!

Side Lights of Connersville, in speaking of Otterbein says:

"If we can get that so-called dark horse out of the way, dog-gone if I don't think we can go a long ways."

### TOOT THE FIRE WHISTLE!

A holiday was declared in Connersville today. Business closed at noon, and everyone left the place—except the fire department, who will stay home and celebrate with some red fire.

### Turn About is Fair Play

Last Saturday night saw Anderson fans cheering for Shelbyville against Muncie. If everything goes as it should, the coming Saturday night will see Muncie fans cheering for Shelbyville against Anderson.

—Muncie Press

Muncie and Anderson are great friends. Not quite as intimate though as Damon and Pythias.

### NOW WE KNOW WHY

Muncie will take Richmond's place in the Sixth District tournament to be held at Connersville next year.

### Laughing In His Sleeve

"I was told nothing but an operation would help my stomach trouble, and was getting ready for the operation when a friend advised me to try Mayr's Wonderful Remedy. The first dose helped me. I am now as well as ever in my life, and am laughing up my sleeve at the doctors." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One friend knew a friend advised me to try For sale by druggists everywhere.

which might be one of the reasons that Shelbyville don't want to join.

Next year all of these teams around here will be after revenge on Shelbyville. That is the way it goes, because when Rushville went to the state year before last, every team came back the next year for revenge—and they got it.

We don't know whether Hodges or Barnett have any little brothers or not, but if they have, you can bet your last cent that the townspeople of Homer will have a high school gym of their own, and keep their native stars where they belong. As it is, Shelbyville gets the honor, and the little town of Homer, located just southwest of the Rushville court house, goes by unnoticed. When school is out, even the morning train will fail to make its usual stop.

The pass word Monday at the high school building will be "vaccination."

Smallpox isn't half bad. Just four weeks vacation.

"On to Indianapolis," sing the ears of the Connersville News Examiner's front page, while Side Lights on page five is ready to concede itself the state rag, when he says: "Guess everyone knows now that Connersville has a real basket ball team." Yep, so has Otterbein, Liberty Center and Podunk.

Sidelights continues to admonish his folks that they have only five more days to "Yell it to Sidelights." Gosh, folks over at Connersville, you had better get busy and yell it, while yelling is good, for if you don't Sidelights is going to be Taillights very soon.

—Vincennes Sun.

### Expected to be Good Card

By HENRY L. FARRELL,  
(United Press Sports Editor)

New York, March 14—Quinti Romero, heavyweight champion of Chili who is being brought to this country by Tex Rickard for a shot at the heavyweight championship, may turn out to be an attraction just as big as Luis Firpo.

Romero has all the circus color of Firpo, and he has more of an advantage in coming out at a time when a vogue has been established for his race. He has another thing in his favor because he arrives with something of a reputation and considerable noise, while Firpo sneaked in from South America unknown and unheralded.

Firpo, however, had friendly hands to clear the way for him after he got started, but Romero will have to pull himself up practically alone if he succeeded in getting up.

While Firpo was allowed to feint on set-ups, Romero will be forced to prove himself. Rickard says that Romero can't get a shot at Dempsey until he has beaten three fighters to be selected from Jack Renault, George Godfrey, Floyd Johnson and Fred Fulton.

There may be better fighters than the four tentatively selected by Rickard to put the test to Romero but the are better than the third and fourth.

raters that were picked out for Firpo.

Firpo worked up to a championship bout by beating Bill Brennan, Jim Hubbard, Jack McAuliffe, Jack Herman, Jess Willard, Joe Burke, Homer Smith, Charley Weinert and Joe Downey.

Brennan and Willard were old, worn, and through when they fought Firpo, and the others were beaten before they went into the ring.

As the outdoor season approaches there is a great demand for another fight between Dempsey and Firpo. Firpo can get the match without doing anything more to prove that he would have a better chance to beat Dempsey the second time than he did on the occasion of their first bout.

Firpo knocked Dempsey to his knees twice and blasted him clear out of the ring once and that qualified him then and there for another chance at the title. The belief that Dempsey won the fight by the use of foul tactics was enough to guarantee the success of a second meeting without any further exactions from Firpo.

It is quite possible, however, that a return bout between Dempsey and Firpo could be made secondary in interest to a contest between Romero and Dempsey.

If Romero should knockout Renault, Godfrey, Johnson or Fulton and show the same ferocity of attack, the same style of fighting and the same color that Firpo did against his set-ups, he would become a "natural" for Dempsey.

## GRATEFUL PARENTS POUR OUT THANKS TO TANLAC

The value of Tanlac as a family medicine and tonic is again very forcefully demonstrated. This time in the home of Mr. and Mrs. Joseph E. Kaake, 2436 Kirby Ave., West, Detroit, Mich., where father and mother and every member of the family have been benefited by the wholesome and helpful ingredients of the famous preparation.

Recently, in speaking for herself and children, Mrs. Kaake said: "For more than a year our three little ones—John, age 6, Elwyn, 4, and Margaret, 2—had been so peaked and lifeless that we were seriously worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless, and during the day they would just mope around, taking no interest in play or anything else."

"They began to eat and sleep better almost from the first dose of Tanlac, and have picked up now until you couldn't find three healthier or more active children in all Detroit. They eat ravenously, the color of health has returned to their cheeks and they just want to be on the go all the time. I have also taken Tanlac to build me up, and it never seems to fail."

"As to my personal experience with Tanlac," said Mr. Kaake, "I simply can't express in words the

great help it gave me. About a year ago I was a victim of boils, actually having fifty-one on me, and was so played out that I couldn't do a bit of work for weeks. My suffering was almost unbearable. I cared little for food, suffered with severe headaches and stomach pains, and got so weak and nervous that I felt discouraged. "Tanlac corrected my stomach disorders, woke up my appetite, cleansed my blood and toned up my system so that the boils went away, and nothing of the kind has bothered me since. I have gained 28 lbs., and I eat, sleep and feel like a brand-new man. We have given Tanlac a fair trial and found it wonderful, and if anyone doubts our statement they can write personally. We wouldn't think of being without Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

## How to build up your Weight

To be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S.S.S., since 1876, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S.S.S. will build them.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.
